

care[®] Sun Care & Repair

PLUS[®] After Sun

Care Plus[®] Sun Care & Repair After Sun nourishes, calms and repairs the skin after exposure to the sun. Due to the vitamin B and natural ingredients such as Aloe Vera, Chamomile and Bisabolol, the After Sun has a soothing effect. In addition, the ingredients soybean oil and licorice root help to slow down skin ageing and reduce skin sensitivity, respectively. The After Sun also helps to reduce the redness of the skin.

Even if the skin is not burned, it is still wise to use After Sun. Sun exposure makes the skin extra dry, as a result of the UV rays that damage the skin. The moisture regulation is thrown off balance. The use of After Sun helps to restore the moisture balance and replenishes the skin with antioxidants. This way, the skin is well cared for and you can enjoy the sunny days to the fullest.

Sunlight stimulates blood circulation and plays an important role in the synthesis of vitamin D, which the body needs for the production of calcium for the bones. Furthermore, sunlight contributes to our overall well-being and vitality. Care Plus[®] offers a product line with which you can enjoy the sun without a care.

BENEFITS

- Helps reduce skin redness
- Helps restore the moisture balance of the skin
- Suitable for normal and sensitive skin, as well as for children
- Contains vitamin and natural ingredients
- Nourishes and soothes the skin
- Tube is made of bioplastic (recycled)
- Perfume does not contain allergens

PRODUCT SPECIFICATIONS

Article number
56003

EAN code
8714024560038

Weight
120 gr

Packaging dimensions l x w x h
35 x 60 x 151 mm

Content
100 ml

Order quantity (number)
12
